

Course Syllabus for *Experiencing Chinese Oral Course, Listening and Speaking Chinese* <<体验汉语口语教程>> B 1.2 级

I. Course description

This course aims to improve learners' Chinese communicative skills in listening and speaking on the basis of previous level B1.1. Adopting task-based teaching mode, the course is characterized by interactivity and communicativeness. Learners are expected to increase both the knowledge of Chinese language and basic skills of speaking the language. The teaching procedures are realized in the consecutive steps, i.e., pre-task, in-the-task and after-task. Meanwhile, Chinese culture is integrated in the teaching tasks so as to promote students' cross-cultural awareness.

II. Course objectives

In learning the oral course, students should be able to:

- increase basic Chinese language knowledge including characters and various language units (pronunciation and intonation, phrases, constructions, sentence patterns)
- acquire basic speaking and listening skills on the basis of understanding the situational and functional expressions
