

Corsi serali:: Chinese A1.1

Course Syllabus

I. COURSE DESCRIPTION:

This course is designed for beginners who have never learned Chinese before. It's an elementary course on Chinese speaking, listening and reading. It aims at learning basic phonetics, daily expressions and some grammars. After taking this class, you will have a basic understanding of Chinese Mandarin, Chinese characters and Chinese culture.

II. COURSE OBJECTIVES:

At the end of the course the student should be able

- to read Pinyin (the phonetic system of Chinese) accurately on their own;
- to understand some basic questions and know how to respond them.
- to know the basic grammar of Chinese.
- to know expressions of greetings, to introduce himself, and to express own hobbies;
- to deal with situations that are likely to arise while traveling in an area where the Chinese language is spoken, such as shopping, proposing suggestions and so on.;
- to have a basic understanding of the structure and the meaning of common Chinese characters (ideograms).
